view toward presenting recommendations at the end of the calendar year. Tom Parrott will assume Bross's current function for the duration of the study.

\*The Director drew attention to a set of figures comparing the language capabilities of CS careerists and Foreign Service Officers which indicates that the CS is lagging significantly behind the Foreign Service. The Director urged ADD/P to take advantage of the BALPA-created temporary excess in Headquarters CS employees by increasing the number of individuals taking language training.

Goodwin reported that Universal Pictures is filming Topaz with Alfred Hitchcock as director. The Director indicated that CIA should not get involved in passing judgment on any requests that Universal Pictures may make of the Government for cooperation in making the film.
